EU Declaration of Conformity
relating to Directive 2011 / 65 / EU (RoHS)

ESI Technology are aware that the EU Directive 2011 / 65 / EU (RoHS) is limiting the use of certain hazardous substances in electrical and electronic equipment.

In particular, the following substances are listed:

1. Mercury
2. Chromium VI
3. Cadmium
4. Flame retardants and plasticisers PBB, PBDE, DEHP, BBP, DBP, DIBP
5. Lead

The following statement regarding conformity of our products to the EU Directive 2011 / 65 / EU (RoHS) is based on our research and inquiries with our suppliers:

We herewith declare and assure that the amounts of the abovementioned substances in our products are not exceeding the limits as defined in the RoHS directive.

ESI Technology is systematically using lead-free soldering metals, unless specific customer or technical requirements are asking for other, lead-containing soldering metals (e.g. subsea industrial, defence).

For specific information regarding the RoHS status of individual subsea or defence products please contact ESI.

Yours faithfully
